Hartford Green (HG)

24 gauge Bright White and unpainted Galvalume also available.

Why Fluoropon[®]?

For over 50 years, panels using Sherwin-Williams' Fluoropon[®] coatings (made with 70% Kynar[®] 500/Hylar[®]5000 resins) have helped protect commercial, industrial, and residential buildings around the world. This high-performance fluoropolymer (PVDF) resin, with its extraordinary capability to retain color and gloss, keeps coated metal looking vibrant and appealing for decades to come.

***Aged Metal** (AM)
